

# Port Angeles Harbor Resource Management Plan

## Purpose

*"The purpose of the Port Angeles Harbor Resource Management Plan is to provide a detailed, coordinated Plan for the future utilization of Port Angeles Harbor that allocates the water and shoreline areas to those public and private uses which best benefit the citizens of Port Angeles, Clallam County, and the State of Washington in the long term".*

# History

- Drafted in 1989
- Cooperative effort between:
  - City of Port Angeles
  - Port of Port Angeles
  - Washington DNR
  - Clallam County
  - CC Economic Development Council

# HRMP/SMP Relationship

Harbor Resource Management Plan developed as a guidance document providing potential uses and activities to support community vision.

Shoreline Master Program is a regulatory document providing policies and regulations that control uses and activities.
